

PRODUCT DATA SHEET
HydroStrip
HS-311PS

Surface Preparation Coating and Installation Aid for Concrete and Metal Surfaces

Where to use HydroStrip Liquid Butyl Primer

For use on concrete or metal surfaces, HS-311PS Solvent Based Surface Primer is a concrete surface preparation coating and installation aid for bonding preformed sealants. HS-311PS Solvent Based Surface Primer can be applied in advance of product installation.

Sealing Properties

When applied to concrete or metal, HydroStrip HS-311PS Liquid Butyl Primer creates a butyl rubber film that acts to both seal the structure and improve the bond of preformed sealants.

Limited Warranty
